

Company Profile

b.Nel Services Ltd. was set up in 1992 as a small engineering consultancy practice by Ings. Victor & Theresa Bonello, both electrical engineers.

The company is active in building services engineering consultancy. Small and large scale, residential, commercial and industrial projects are undertaken from inception through budgetry estimate stage, design, tendering and adjudication, followed by site supervision right up to final testing and commissioning.

As a result of an ongoing commitment to quality of service and customer satisfaction, demand for the company's services grew quickly, necessitating a corresponding growth in human resources, to include nine qualified and warranted electrical and mechanical engineers, three draughtspersons, two administrative personnel, and three sites supervisors. To day, infact the company employs a total of sixteen employees.

For the past six years, the company has been operating from new, centrally located offices in Msida.

The company offers consultancy in both electrical and mechanical engineering disciplines such as

- Passenger, Car & Service Lifts
 - Air-conditioning and Air Treatment Systems
 - Ventilation
 - Central Heating
 - Domestic Cold & Hot Water Services
 - Sewage Systems
 - Fire-Fighting Systems
 - Distribution of compressed air and other gases
 - Cold Rooms
 - Lighting and Power Distribution
 - Pumped and Gravity Drainage & Rainwater Drain Systems
 - Architectural and Operational Lighting Design
 - Lightning and Surge Protection Systems
 - Fire Detection & Alarm Systems
 - Intruder Alarm, CCTV and other security systems
 - IT Networking
 - Access Control Systems and Traffic Management
 - Intercom and telephone systems
 - Control Systems and Building Management systems.
-

The company has successfully carried out a good number of prestigious projects commissioned by various Government Departments and private concerns.

The positive feedback we get following successful completion of such projects encourages our entire team to look forward to the future to provide efficiently designed, cost effective and in time engineering consultancy services.

Prior Experience of the Consulting entity in projects of similar type or size

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
1	Form Hotel 1995	Electrical, Mechanical and Extra Low Voltage Services for a 150 Room Hotel Refurbishment.	6 Months completion from dismantling till first client.
2.	Chef Choice Complex 2002-2004	Electrical, Mechanical and Extra Low Voltage Services for Commercial and Production Process	Food Grade Installations.
3.	Pergola Club Hotel 1999	Electrical, Mechanical and Extra Low Voltage Services for a 100 Room Hotel refurbishment	4 months completion from dismantling till first client.
4.	Allied Newspapers 2003	Electrical, Mechanical and Extra Low Voltage Services for Production and Office Areas.	Full installations within minimum interruption to the 24 hour Production.
5.	Petite Paradis Hotel 2004 - 2005	Electrical, Mechanical and Extra Low Voltage Services for a New 130 Hotel rooms.	6 months completion from construction till first client.
6.	Hotel San Lawrenz 2005	Electrical, Mechanical and Extra Low Voltage Services for a 50 Hotel Rooms and Re-Hab Plant Areas plus a new 150 Apartment Rooms.	5 months completion from dismantling till first client.
7.	Splash and Fun Park	Full Design and Consultancy on Electrical and Mechanical Installations - 2005	Full Conformity with Leisure Complex Safety Regulations, water safety areas, water quality control and filtration system.
8.	Kordin Grain Terminal 2005	Full Design and Consultancy on Electrical and Control Installations on Loader and Head House, following fire incident May 2005	Full Conformity with Exx Zone 2 Regulations, 4 months completion maintaining unloading and storage and handling facilities operational at all times.
9.	Madaliena Production Unit 2006	Electrical, Mechanical and Extra Low Voltage Services for New Squashes Manufacturing Factory in San Gwann	Full Conformity with Food Safety Regulations

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
10.	Golden Harvest Mfg. Co. Ltd 2005 - 2007	Electrical, Mechanical and Extra Low Voltage Services for New Bakery, Confectionery Unit in San Gwann	Full Conformity with Food Safety Regulations – 20,000sq.m. of Floor Space of Four Levels

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
11.	Foster Clark's Tin Factory, San Gwann 2006	Electrical, Mechanical and Extra Low Voltage Services for New Squashes Manufacturing Factory in San Gwann	14,000 sq.m. on Three levels. Strict Quality Control Levels.
12.	Various Fuel Pumping Stations	Full Design and Consultancy on Electrical, Mechanical and Fuel Storage and Handling Facilities - 2005 to date.	Full Conformity with Exx Zone 2 Regulations, very strict completion periods and site supervision.
13.	Various LPG Storage and Distribution Installations	Full Design and Consultancy on LPG Storage and Distribution Facilities – 2000 to date.	Full Conformity with Exx Zone 2 Regulations, very strict completion periods and site supervision.
14.	Nestle Centralised Storage and Administration Complex - Lija	Full Design and Consultancy on Electrical, ELV and Mechanical Installations, for New 3,000 sq.m. Storage and Adjoining administration complex at Lija – 2006 to date.	Full Conformity with Nestle International Standards and Quality Control.
15.	M. Debono Ltd., - New Toyota Showroom and Administration Complex	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations, for new 700sq.m. Showroom and adjoining complex at Zebbug – 2006 to date.	Full Conformity with Toyota International Standards and Quality Control.
16	Lufthansa Technik Hangars and Maintenance Facility	Full Design and Consultancy on Electrical, ELV and Mechanical Installations, for New 40,000sq.m. Complex, comprising of Two full size, wide body aircraft hangar (for A380's) and one hangar for three in number narrow body's plus workshop complex, offices, stores etc. – 2007 to date.	Full Conformity with Lufthansa Technik International Standards, Aviation Fire & Safety Regulations and Quality Control.

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
17.	New Factory for Foster Clark Products Limited.	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations, for New 10,000sq.m. Food Processing Dry Mixing Plant and adjoining Administration, R&D Complex at San Gwann – 2006 to date.	Full Conformity with Food Safety International Standards and Quality Control.

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
18.	M. Debono Limited – New Toyota Showroom and Administration Complex.	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations, for New 700sq.m. Showroom and adjoining complex at Zebbug – 2006 to date.	Full Conformity with Toyota International Standards and Quality Control.
19.	Marks & Spencer International Retail, Malta & Tripoli.	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations, for New 350sq.m. on Four Levels Shopping Complex in Tripoli – 2007 to date.	Full Conformity with Marks and Spencer International Standards and Quality Control.
20.	For Cambridge Development.	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations, for New 380 Luxury Apartments spread over 16,000sq.m. including 124 Storey Block in Tigne – 2007 to date	Full Conformity with International Standards and Green Building Design.
21.	Mistra Heights Development.	Full Design and Consultancy on Electrical, Extra Low Voltage and Mechanical Installations for New 1100 Luxury Apartments spread over 40,000sq.m. including 18 Storey Tower in Xemxija – 2007 to date.	Full Conformity with International Standards and Green Building Design.

	<i>Project Name</i>	<i>Brief Description of the Project</i>	<i>Significant challenge/s encountered during the Project</i>
22.	Microbiological Lab Evans Laboratories Valletta	Full Design and Consulting on Electrical and Extra Low Voltage Services for the New Laboratories spread over 400sq.m.	Full Conformity with International Microbiological Standards.
23.	Prominent Fluid Controls, Bulebel.	Full Design and Consultancy in Electrical, Extra Low Voltage and Mechanical Services on New Production Facility spread over 2,000sq.m.	Full Conformity with Air Quality Controlled Areas, HEPA Filtered Production Areas and Humidity Controlled Zones.
